

Trade Space Booking Form and conditions

Please read all of the following and sign your acceptance of the conditions

The allocation of Trade space is primarily for the sale and promotion of any non-livestock goods related to aviculture. Trade space can be used for “display purposes only” by any business wishing to promote or show their birds (in this case any livestock displayed must not be sold).

It is an offence to carry on a business of selling animals in a public place.

Any group of individuals or societies wishing to sell livestock from trade space must make sure every individual signs and prints their name below. The addressee will have the responsibility of producing the addresses of other signatories if required; they will also be responsible for the care and housing of all livestock on the stand. No individual can sell livestock from trade space if he or she has a business of selling livestock, whether that livestock is separate to his business or not.

Please date and sign your agreement to all the above rules failure to do this in a legible manner will result in your loss of booking.
